TO MY CUSTOMERS AND FRIENDS

CUSTOMERS FROM CANADA AND FOREIGN COUNTRIES

Must remit at prepaid prices and add 20c additional for postage and packing on each dollar's worth of seeds ordered.

REMEMBER that Canadian and foreign postage stamps have no value in the U. S.

I wish to thank you for your orders and for the good words you have spoken for me to your friends. If any of my new customers have any friends they think would be interested in my seeds, bulbs and plants, I would be pleased to hear from them also.

My Seeds, Bulbs and plants give perfect satisfaction. I guarantee satisfaction (See My Guarantee). My long experience in this line of business and my large greenhouses for testing varieties enables me to select the best for my customers. You can be assured that nothing but the best will be sent you. Every plant and bulb that leaves my place is first class stock and true to name. Great care is taken to have each order packed carefully so that it reaches you in perfect condition. If my stock should prove to be other than what I claim for it, I will be pleased to have you write me, in fact, I will consider it a great favor.

MY PRICES—I am sure that you never bought as much seed of as high quality for your money. This I am able to do for the reason that I am a grower.

HOW TO ORDER BY MAIL—It is a very easy plan to order seeds from me by mail. In making out your order the first thing to do is to see that you have your Name, Post Office, R. F. D. and Box, County and State in full in the places designated for the purpose. Write the variety below, quantities you want and carry out the prices after each one. Enclose the total amount in any convenient form of remittance with your order and mail to me and I will see that your order reaches you in the best of condition. (Be sure and use my order sheet if you have one.)

SAFE ARRIVAL GUARANTEED—I guarantee all seed, bulbs and plants to reach you in first class condition.

CUSTOMERS ATTENTION—When making out your seed order, kindly keep the vegetable and flower seeds separate on your order, which will make the filling of the order much easier and quicker.

HOW TO SEND MONEY—Remittances can be sent safely either by Post Office order, bank draft, express money order, check or by registered letter.

DELIVERY—Orders for seeds will be filled and sent as soon as received. Plant orders will be sent as early in the spring as the weather is safe, unless earlier shipment is requested.

MY GUARANTEE

I know from careful tests, that all seeds I sell are of strong germination. However, if any should fail to grow if given proper care after planting, I will cheerfully refill that part of the order FREE. I cannot be responsible for the crop, nor for any amount other than the original cost of the seeds. I want every customer satisfied with all the seeds, plants, etc., I send them and should anything prove otherwise, I will appreciate a letter stating in what respect they are not satisfactory.

TO WHOM IT MAY CONCERN:

I am glad to recommend Mr. S. W. Pike, to anyone desiring to purchase seeds, bulbs and plants. I have known Mr. Pike for over thirty years, and have always found him a man of the highest reputation, as to character, and of square dealing.

Yours truly,

E. F. Goodell

Pike's "Choice" Gladioli

All of my Gladioli bulbs offered in this list are large "mother" bulbs, two and three years old. Each should produce a large spike of flowers. The larger the bulb the larger the flower as a rule. Smaller bulbs will produce good flowers, but not as large in size. Larger bulbs will give you quicker increase than small bulbs, for they will often divide into two or more bulbs the first year. Small bulbs will not. Postage paid in lots of one to five bulbs of a kind.

GLADIOLI "NOVELTIES"

I regret I cannot offer "Novelties" in quantity for my stock is very limited.

Each one of these kinds has distinct merit and I am sure you will be highly pleased with any you select from this list.

BYRON L. SMITH—Lavender on a white ground. One of the best. Each 30c.

CARMEN SYLVIA—Snow white with lilac penciled throat. Each 34c.

E. J. SHAYLOR—Beautiful pure deep rose pink. Ruffled. Large flowers and tall spike. Each 24c.

GLENDALE—A beautiful dark magenta. Entirely new in Gladioli for color. Wide open flowers on straight spikes. A beauty. Each 50c.

Price: 5 for 25c; 10 for 45c; 25 for \$1.00, postpaid. 50 for \$1.75 NOT postpaid.

GLADIOLI BY THE HUNDRED—I am able in many instances to supply Gladioli bulbs in 25, 50, and 100 lots or more and if you will send me your list where quantity is wanted, I will make you a special price on what I am able to offer. Although I cannot give you much of a reduction, as the prices quoted in this list are very low

Pike's "Can't Be Beat" Dahlias

The Dahlia is one of the most popular summer blooming plants. It will grow in any soil and bloom from July until cut down by frost, when the bulbs should be taken up and stored in a cool, dry place for the winter. The bulbs or tubers increase each year and should be divided in the spring before planting.

NOTICE—All Dahlias delivered free of charge.

SPECIAL ATTENTION: Dahlias can be planted successfully up to July first in the northern states.

City of Portland

"I had wonderful success with your seeds and bulbs. A thousand thanks for your generosity."—
SADIE HANSEN, Ogden, Utah.

Eureka

EGANDALE—The flowers are of a peculiar red, being more on the shade of currants. Bronze foliage, free bloomer and early. Each, 12c; dozen, \$1.20.

EUREKA—By far the best white canna of today. The large substantial flowers are freely produced on strong, vigorous plants. They are of a creamy shade when opening but an hour's exposure in the sun makes them pure white. Each, 20c; doz., \$2.00.

FIREBIRD—The best of the scarlet varieties. The flowers are borne on long stalks well above the leaves. They are of splendid form, round and shapely. The petals measure very frequently 2½ inches across and a clear glistening scarlet without any streaks, spots or blotches. I have grown many varieties of cannas and have never seen one that can approach it. Each, 20c; dozen, \$2.00.

FLORENCE VAUGHAN—A leading canna of the yellow varieties. The flower is spotted with rich crimson. Each, 12c; dozen, \$1.20.

GUSTAVE GUMPPER—The flowers are of great size and are a fine golden yellow in color. The lower petals being slightly splashed with red. The stems are very stiff and have large flowering spikes. Each, 15c; doz., \$1.50.

HUNGARIA—A Leading Pink Canna—This canna is almost dwarf and very compact. The leaves are bluish green and never burn. The flower trusses are very large and borne well above the foliage. The flowers are of the purest La France-Pink. Each, 20c; doz., \$2.00.

HENDERSON—A very attractive crimson flower standing well above the leaves. This is one of the leading bedders and the roots are good keepers. Each, 12c; dozen, \$1.20.

KING HUMBERT—A very popular canna. The foliage is bronze and the flowers are rich scarlet. Each, 15c; dozen, \$1.50.

KATE GRAY—This variety grows very tall and a free bloomer producing flowers of beautiful soft orange shaded carmine with a dotted, yellow throat. Each, 12c; dozen, \$1.20.

SPECIAL OFFER C. 60—Will send one dozen (12) kinds of Cannas, in my assortment for 98c, postpaid.

MADAM CROZY—A beautiful scarlet variety with a golden yellow fringe around the edge of the petals. Very decorative. Each, 12c; dozen, \$1.25.

MRS. ALFRED CONARD—One of the very best Cannas of the pink varieties. The large shaded salmon-pink flowers are produced in great abundance on robust upright stalks. Each, 20c; doz., \$2.00.

PANAMA—The color of this splendid canna is unusual, being an attractive rich orange red, with a well-defined edge of bright golden yellow. The flowers are very large, the petals being almost round and the immense spread of the individual blooms, the free blooming and unique habit makes this canna most noteworthy. Each, 15c; dozen, \$1.50.

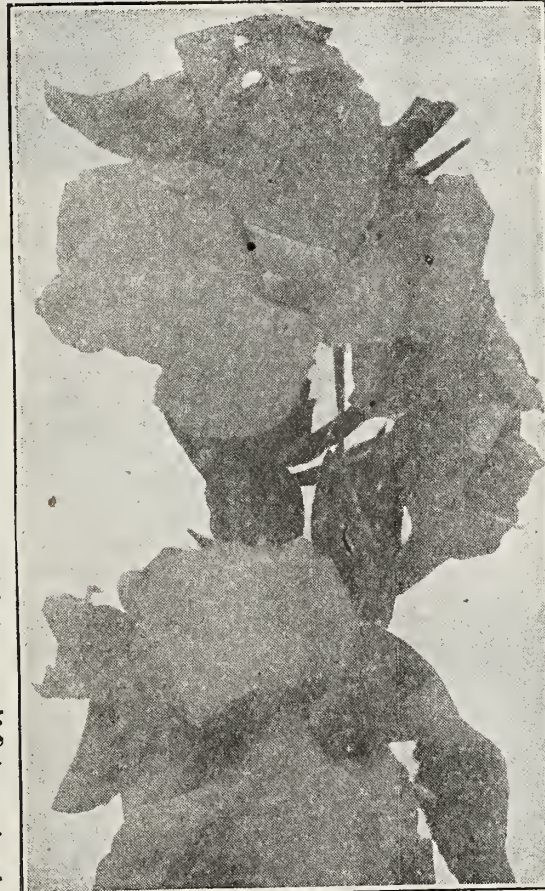

SPECIAL OFFER C. 61—Will send one bulb of each of the 25 named kinds of Cannas for \$2.98, postpaid. Regular catalog price, \$3.66.

PENNSYLVANIA—A vigorous grower, producing a profusion of bright red flowers on tall, upright stalks. Each, 12c; dozen, \$1.25.

THE PRESIDENT—The most sensational introduction in recent years. The largest and most vigorous Canna in cultivation. The immense clusters of giant flowers borne on strong stalks well above the foliage makes this canna worthy of a place in every collection and every place where sold, effective performance can be appreciated. Each, 25c; \$2.50 per dozen.

QUEEN CHARLOTTE—A beautiful rich orange-scarlet, with a broad gilt edge. A very attractive variety. Each, 12c; dozen, \$1.25.

CAUTION—Be sure to plant your Canna bulbs immediately upon receipt of same. If too cold outside, use a box and start them inside. Do NOT PLANT OUTSIDE UNTIL THE GROUND IS WARM.

Firebird

ROSEA GIGANTIA—A magnificent showy canna of a rose carmine to pink shade. The flower heads are of an immense size. Each, 12c; dozen, \$1.20.

SOV. D'ANTOINE CROZY—A beautiful red bordered with golden yellow. Each, 12c; dozen, \$1.20.

VENUS—A fine rosy pink, with a well defined border of creamy yellow. Each, 12c; dozen, \$1.20.

WYOMING—One of the largest cannas grown. The great orange colored flowers, surmounting gigantic, luxurious stalks of unique bronze foliage make this one of the most effective cannas. Each, 15c; doz., \$1.50.

YELLOW HUMBERT—A sport from the bronze-leaved, red-flowering King Humbert. Flowers yellow, thickly dotted with orange-scarlet. Each, 15c; dozen, \$1.50.

SPECIAL NOTICE—Cannas ordered after May 15 are sent out as started plants. Customers will have the advantage of getting six or eight weeks' growth without added expense, for most seedsmen charge extra for the started plants.

All Cannas sent to you postpaid. Six Cannas of a kind at dozen rate.

King Humbert

At above prices, you can plant a large Canna Bed at the price you usually pay for a small one.

Pike's Hardy Lilies

Pike's Fall Planting Bulbs

ATTENTION: All orders for fall bulbs can be placed to be shipped C. O. D., providing they amount to \$1.00 or more. For orders of less than one dollar, cash must be sent in advance, when order is placed.

Orders are shipped from October 1 to December 1.

PRICES: In lots of one to a dozen bulbs where prices are quoted thus, I prepay the bulbs to you, either by parcel post or express. Bulbs quoted in larger lots, customers pay the freight or express.

All orders are accepted subject to my receiving the bulbs from the grower and I will ship as soon as received or return the amount paid for them.

If customers will place their orders now I can reserve the stock for them and ship during the proper season. These bulbs are all grown for me in Europe and imported for my customers in the fall of the year. Customers should send in their orders as early as possible, for I do not import a great many more than I have orders for and often late orders cannot be filled and I am obliged to disappoint customers.

Pike's "Can't Be Beat" Roses

My collection contains only the best of the free blooming and most fragrant varieties that will give you the greatest satisfaction. I recommend this list for the general planting of the amateur who wishes a limited number of varieties, and who is desirous of a supply of extra choice flowers to cut throughout the summer and fall months. There is not one individual sort which I cannot endorse as possessing superior merit, all having been thoroughly tested.

My roses are all young thrifty plants grown on their own roots and will give better satisfaction and make nicer plants than dormant stock. Every plant you get is guaranteed to please or your money will be refunded. These roses will start blooming shortly after being planted and you will not have to wait several months before you can enjoy them.

CARE OF ROSES

Roses grown outside require spraying during certain times of year for best results. In some localities a small "slug" or worm destroys the leaves from the under side. If good Paris Green or Arsenate of Lead is sprayed on the bushes occasionally, this pest will be kept off.

Roses grown inside should be planted in heavy soil, if obtainable, for best results. Do not overfeed roses by using too much commercial fertilizer. When plants are in bud, a little manure water or bone meal fertilizer will be of benefit to the plants. This latter fertilizer should not be applied oftener than once every four weeks. Liquid manure water about once a week.

NOTICE: Orders for Roses can be filled every month in the year, if wanted. Roses planted in spring require less attention after being planted.

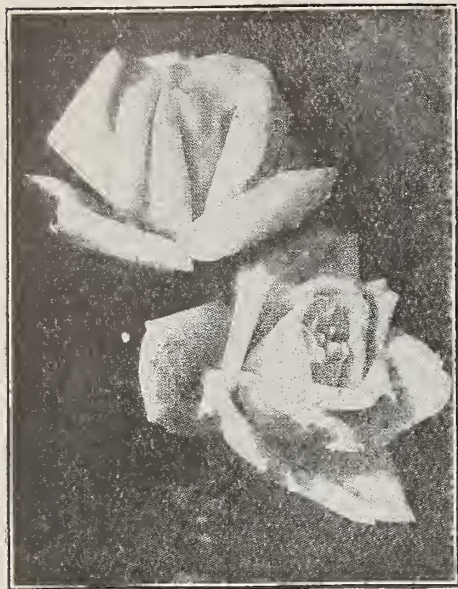

EVERBLOOMING HYBRID TEA ROSES

LOS ANGELES—Probably one of the finest roses introduced. Has a vigorous growth and produces a succession of long stemmed flowers of a luminous flame pink toned with coral and shaded with translucent gold at the base of the petals. Buds are long and pointed and expand into a flower of mammoth size and is exceedingly fragrant. Each, 45c; 3 for \$1.25, postpaid.

Los Angeles

"The Roses I got from you last year were wonders."—MISS L. SHERMAN, Alfred, New York.

Pike's Hardy Perennials

Coreopsis

The old fashioned flowers of our Grandmother's Gardens are still all the rage today and it is doubtful if they can be improved upon.

My list is made up of the most popular kinds that will thrive most any place and are very easy to grow. Most of these varieties will last for years after they are planted:

PRICE: 12c each, \$1.25 per dozen, postpaid.

AGUILEGIA (Columbine or Honeysuckle)—The Columbines are one of the most elegant and beautiful of the hardy plants, producing their graceful spurred flowers on stems two feet or more above the beautifully divided foliage. No other plant has so airy a grace as the Columbine. Blooms during the late spring and early summer.

ACHILLEA THE PEARL—Pure white flowers borne in the greatest profusion on strong stems 2 feet high. Fine for cut flowers.

CAMPANULA (Canterbury Bells)—An indispensable hardy garden flower. Thrives best in a half shady place.

COREOPSIS—Flowers rich golden yellow. Very graceful. A fine cut flower and blooms all summer.

CHRYSANTHEMUM LEUCANTHEMUM—A fine hardy plant producing its large clusters of white flowers in great profusion.

CHRYSANTHEMUM MAXIMUM—Very large white flowers with yellow center, on long stems. Blooms throughout the season.

DELPHINIUM (Larkspur)—This is one of the most showy perennials of the garden. Beautiful light and dark blue flowers on stems 3 to 4 feet high. Varieties: Belladonna, Bellamosa, Gold Medal Hybrid Mixed.

"I purchased quite a lot of Seeds, Bulbs and Plants from you last spring and from now on will purchase all from you, for I never had such results before."—MRS. L. R. COX, Saxonburg, Pa.

HARDY ENGLISH OR RUSSIAN VIOLETS—One of the prettiest, fragrant, hardy plants grown. In some localities it will blossom all winter.

GYPSOPHILA (Baby's Breath)—Large panicles of gracefully arranged small white flowers. Grows 2 to 3 feet tall.

GAILLARDIA (Blanket Flower)—Flowers are of the most gorgeous coloring. Center dark brown. Petals marked with brilliant crimson orange and vermilion.

HOLLYHOCK—Finest varieties mixed. Too well known to need description. Should be in every garden.

HIBISCUS—Crimson Eye. A stately growing plant with large leaves and large showy flowers of delicate coloring.

MARVEL MALLOW—A robust plant that grows about 5 feet high. Flowers of enormous size in richest shades of crimson, pink and white.

POPPY—Oriental. The King of all Poppies. Immense crimson flowers freely produced in May and June.

PHYSOSTEGIA—Forms a dense bush 4 feet high, bearing spikes of delicate tubular flowers.

PRIMULA VERIS (English Cow-Slip)—Most beautiful

early spring flowers in a fine range of colors. Plant likes a half shady location.

PYRETHRUM ROSEUM—Has very attractive fine cut foliage with flowers on long straight stems, colored in all shades of rose.

SHASTA DAISY—Alaska. A low growing plant with large white single flowers on long stems. A very free bloomer.

TRITOMA (Red Hot Poker Plant)—Blossoms from August to October with spikes 3 to 4 feet high and immense heads of bloom of a rich orange scarlet, producing a grand effect. Roots should be taken up and kept in sand during the winter months in the north.

HARDY GARDEN HELIOTROPE (Valeriana)—Produces showy heads of rose tinted white flowers during June and July with delicious strong heliotrope fragrance.

SPECIAL OFFER H. P. 90—Will send twelve (12) different kinds of Hardy Plants, my selection, for 98c, postpaid.

Pike's "Can't be Beat" Flower Seed

Great care should be taken to sow the seed **SHALLOW** and to cover as thinly as possible with sifted soil or sand and press firm with a board. Keep watered frequently so that the soil will not crust on top, for the tender sprouts cannot push through the hard surface unless kept moist. Be very careful when watering not to wash the soil or sand and expose the seed, for if you do the germination will be destroyed. If possible use a **FINE** rose top sprinkling can when watering. By following these instructions carefully, one will be surprised how easy it will be to succeed with my seed which has a high germinating test.

ABUTILON (Flowering Maple or Chinese Bell Flower)—An easily grown plant from seed and bears beautiful bell shaped flowers in an assortment of colors. Mixed, per pkt., 8c.

AFRICAN DAISY (Arctotis)—Flowers white tinged lilac. Good for cutting. Pkt. 5c.

AGATHAEA—See Blue Daisy.

AGERATUM (Mexican Paint Brush)—Has clusters of feathery flowers all summer. A very free blooming plant and one that can be used for edging and is very attractive. Flowers blue. Height 8 to 10 inches. Hardy annual. Pkt., 5c.

ALYSSUM (Pike's Little Gem)—A beautiful little plant covered with fragrant white flowers. Very desirable for edging and baskets. Grows about 6 inches high. Hardy annual. Pkt., 3c; 1-8 oz., 20c.

ALYSSUM (Lilac Queen)—Dwarf compact growing variety with delicate lavender flowers that are very sweet scented. Hardy annual. Pkt., 5c; 1-8 oz., 25c.

ALYSSUM (Saxatile Compactum) (Gold Dust)—Golden yellow flowers. Plant grows about 12 inches high and used largely for edging. Hardy. Pkt., 5c; 1-8 oz., 25 cents.

AMARANTHUS (Joseph's Coat)—Has wonderful colored foliage that is highly ornamental. Flowers grow in clusters. Makes a wonderful show in the autumn. Grows from 2 to 3 feet high. Pkt., 7c.

AMARANTHUS (Love Lies-bleeding)—A brilliant ornamental annual with drooping red flowers. Grows from 2 to 3 feet high. Hardy annual. Pkt. 5c.

AMBROSIA—A hardy annual with fragrant scented leaves used largely in bouquets. Pkt., 4c; 1-8 oz., 25c.

Pike's "Can't Be Beat" Novelties

If you are looking for something a little bit better than the ordinary, try a few of these. I am sure you will be highly pleased with each and every one, even though they will cost you a trifle more. Often customers ask me if I have anything new to offer them that I can recommend and while I do not offer "Rainbow Chasers" or anything without special merit, I am sure my customers will appreciate these. Try at least one this year.

PIKE'S "EARLY WONDER" TOMATO—Unquestionably the finest early tomato on the market and I don't hesitate to recommend it to my customers. It is very prolific, medium size, red, thin skin and excellent for canning or slicing. Plant "Early Wonder" and have the first tomatoes in your neighborhood. Sold only in packets. Each, 10c, postpaid.

THE NEW WHITE TOMATO—This is a large fruited variety, vines very heavy in growth and when planted in good soil and pruned to a single stem the fruit reaches nearly a pound in weight. The tomatoes are a beautiful creamy white in color and grow in clusters; solid flesh and a very small amount of seeds. Sold in packets only. 10c postpaid.

PIKE'S MAMMOTH PRIZE PUMPKIN—This is one of the largest pumpkins in cultivation having been known to grow as high as 200 pounds. Notwithstanding its immense size it is among the best pie pumpkins. A fine grained flesh, sweet and tender. Requires a late corn season to mature, needs plenty of room. One plant

SPECIAL FREE PREMIUMS—I will send you a FREE packet of any one of my "Novelties," your selection, provided your order amounts to (75c) seventy-five cents or more for Vegetable seed, if asked for in order. (Separate orders at different times are not counted.)

to a hill to reach its largest size. Pkt., 10c; oz., 20c; ¼ lb., 55c, postpaid.

MAMMOTH WHITE CORY SWEET CORN—The great popularity of this extra early sweet corn is due to the fact that it was successfully bred for three important qualities, EARLINESS, SIZE and SWEETNESS. Placed in whichever order you wish, these are the dominant characteristics of this favorite corn. This corn is as early as the earliest, the ears are as long with two to four more rows of kernels set close, so there is no loss of space in the cob. The grains are medium size broad, very white and of high table quality. Pkt. (½ pt.) 11c; 1 pint, 18c; 1 quart, 34c, postpaid.

PIKE'S YELLOW PEPPER—A very fine yellow Sweet Mango Pepper. A prolific yielder. Dwarf growing. One of the most beautiful of peppers. Especially appealing to those who like a very mild pepper. Sold only in packets. Each, 10c, postpaid.

NEW CUCUMBER, "THE VAUGHAN"—This wonderful cucumber is as far ahead of the well known Davis Perfect as the "Davis" was over the Long White Spine sorts. Comparing this cucumber with the other varieties it is much darker in color, more uniform in shape and size, thinner and more prolific. The main feature of this cucumber is that it is a perfect green-house cucumber BUT raised outdoors. I offer this in packets and ounces only. Pkt., 10c; oz., 40c, postpaid.

SPECIAL OFFER ON VEGETABLE SEED—Do not overlook my Special Offer on Vegetable seed. (Ten packets for 40c; 25 or more at 3c a packet, customers selection) REMEMBER this only applies to VEGETABLE SEED. All seed offered at POSTPAID prices.
